

Camper Parent,

Riverbend's mission is to provide a place of refuge where people experience Christ. Regardless of the current pandemic, that mission has not changed. We know God uses camp to allow young people to step away from the craziness of life. It provides an opportunity to experience His creation, have intentional worship and time in the Word with the ultimate goal of hearing "His still, small Voice."

The health and safety of our campers is paramount at Riverbend.

In the uncertain times we live in, we know that campers, parents and church leaders have to determine the best choice for themselves concerning camp. We want to communicate our efforts to manage camper's health and safety so you can make an informed choice.

Riverbend is committed to taking all reasonable measures to prevent the spread of any communicable disease including Covid-19. While nothing in life is without risks, and camp by its nature contains risk, our goal is to mitigate these risks in the environment in which we operate.

The Texas Governor's office has put out a checklist for camps to operate this summer. We have utilized this checklist as well as recommendations from the CDC, American Camping Association, and input from our summer group leaders and Camp Health Officers to develop our Summer 2020 Operating Plan. This plan can be found at riverbend.camp/camp2020.

This situation continues to change daily, and as such, we will adapt and adjust our protocols and procedures as we follow the guidance provided by the CDC, local and state health authorities.

Ultimately, the choice for your child to attend summer camp at Riverbend is a personal one, and you are in control. If you have any questions or concerns as you consider sending your child to camp, please do not hesitate to contact me at brad@riverbendretreat.org or one of the numbers below.

Serving Him and You,
